

## HIGHLIGHTS:

- ✓ Improves visibility around gate
- ✓ Easy assembly, no electrician required
- ✓ LED retainer tracks attaches to any surface
- ✓ Tough IP68-rated LED strips
- ✓ Versatile, programmable LED Controller

## SLIDE GATE LIGHT KIT

The **Slide Gate Kit** wires into all common slide gate operators. Our patented LED Controller detects the open and close signals from the gate operator and responds by changing the lights. Boost the safety and visibility of your slide gates by adding our vibrant, industrial-grade LED lights. These durable LEDs display:

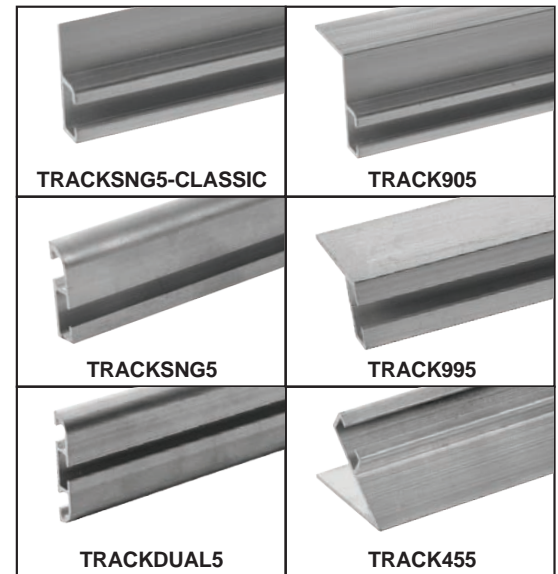

- ✔ Red when the gate is closed
- ✔ Flashing Red while the gate is moving
- ✔ Green when fully open

Increase visibility for drivers, cyclists, and Pedestrians—especially after dark!
